

**WE HAVE
THE FORMULA
FOR YOUR SUCCESS**

Realising possibilities, together

From margarine to muesli, we'll be there for you.

No matter what you create with oils and fats, Sime Darby Oils has the formula for your success. Through an extensive global network, we provide a wide variety of edible and non-edible oil products, customised to your needs. With a history that spans decades, we've earned a solid reputation for high standards and operational excellence.

Sime Darby Oils offers the security and cost-efficiency of a fully integrated, traceable value chain. Supported by unrivalled expertise and R&D, our sights are also set on a green and robust future. Our people are passionate about delivering a full and sustainable life for the world.

Sime Darby Oils. A good name to remember.

How Sime Darby Oils gives you a competitive advantage

SUSTAINABILITY

Committed to delivering a full and fulfilling life for the world, Sime Darby Oils strives to play a leading role in the development and promotion of sustainable practices in the palm oil sector. As part of Sime Darby Plantation, the world's largest producer of Certified Sustainable Palm Oil, Sime Darby Oils has its own extensive global network with facilities in 7 countries.

QUALITY

Every step throughout our value chain, we are laser-focused on achieving on-going quality excellence. This is a critical contributor to our reputation for superior product performance and operations, and why we are a trusted partner to all of our customers.

We are fully committed to a future of delivering new innovations and controls, whether analytical, technical or operational, that will serve even greater success for our customers' brands.

INNOVATION

Our expertise in oils and fats production includes teams of R&D specialists dedicated to formulate our customers' needs. We also help anticipate market trends that affect how our customers remain competitive. Sime Darby Oils' Innovation Centres around the globe are involved in consultation and planning from start to finish, providing personalised technical support and product solutions.

INTEGRATION

Sime Darby Oils is a single, integrated solutions provider of oils and fats across the entire value chain. This streamlines our ability to deliver innovative solutions, unrivaled customer service and a wide range of support. Our customers enjoy optimized sourcing and the cost-effectiveness of supply efficiency, adding minimized down-time to the benefits of quality and sustainability.

Our Products & Services

Sime Darby Oils' business philosophy is to provide a comprehensive range of oil and fats products of the world's best quality. This gives us an edge in our selling proposition and sets Sime Darby Oils apart from our competition.

Customised Solutions

Our R&D and Innovation Centres, located across the globe with over 200 technocrats, scientists and technicians, assist us with our commitment in providing a variety of high quality edible and non-edible oil and fats products to you. With a wealth of experience in the industry, we are committed to fulfilling stringent requirements to provide only quality products and excellent service with timely delivery.

In addition, we anticipate the ever-evolving food industry and are fully equipped to produce a comprehensive range of oil seed-based ingredients that meet your specific requirements – be it customising oil products for frying, application and dairy products, colouring, and as food ingredients.

Logistics and Packaging

Being a fully integrated, single-source supplier of refined oils and fats, Sime Darby Oils delivers your needs with fully trackable, managed logistics. And when it comes to end-of-line, we provide customised filling and packaging options to optimise your final product characteristics.

All of Sime Darby Oils advantages seamlessly unite to help maximise your competitive edge.

Commodity (Bulk) Products

Our palm products include high volume crude or refined palm oil and its first fractions sold complying to PORAM and/or FOSFA specifications. We offer lauric products from high volume refined palm kernel oil and its first fractions or refined coconut oil sold complying to MEOMA and/or FOSFA specifications. And finally, liquid oils from high volume refined seed oils sold complying to FOSFA specifications.

A Trusted Partner

More About Sime Darby Oils

Sime Darby Oils (SDO) is the rebranded downstream division of Sime Darby Plantation with extensive global network facilities in eleven (11) countries worldwide. Our operations include trading, manufacturing as well as sales and marketing of refined oils and fats products, oleochemicals, palm oil – based biodiesel, nutraceuticals and other palm oil derivatives.

We take pride in delivering quality excellence through our fully traceable value chain and our identity as a global provider of sustainable palm oil products to our customers. Sime Darby Oils aims to be your trusted partner in creating quality products with the best-in-class oils and fats to enable sustainable living, now and into the future.

OUR PROMISE: “REALISING POSSIBILITIES, TOGETHER”

At Sime Darby Oils, we are committed to a partnership that is devoted to our customers' success. We explore every possibility to ensure the right solutions for your business needs, identifying new opportunities along the way. We are firmly focused on the future – your future – and how we can work hand-in-hand to achieve the best possible results.
